

## SELECT CARES FUND

Agents and staff within the Select Group contribute to a "Select Cares Fund". For every \$15.00 contributed by agents, \$7.50 is donated by the Company. This fund is used to benefit charities and/or causes in which we can "Select Cares Fund". The contribution amount is \$15.00 per transaction side closed. For example if you represent the seller only in a transaction, \$15.00 would be deducted from your commission check and deposited into the fund. If you represented both the seller and the buyer, \$30.00 would be deducted from your commission check.

### "SELECT CARES FUND"

For each closed side, \$15.00 will be credited to the office's "Select Cares Fund". For each of these closings, the Company will donate an additional \$7.50.

I understand that the decision for where the "fund" money will be donated will be made by a committee of my fellow agents.
